

### Improv8ing from scratch

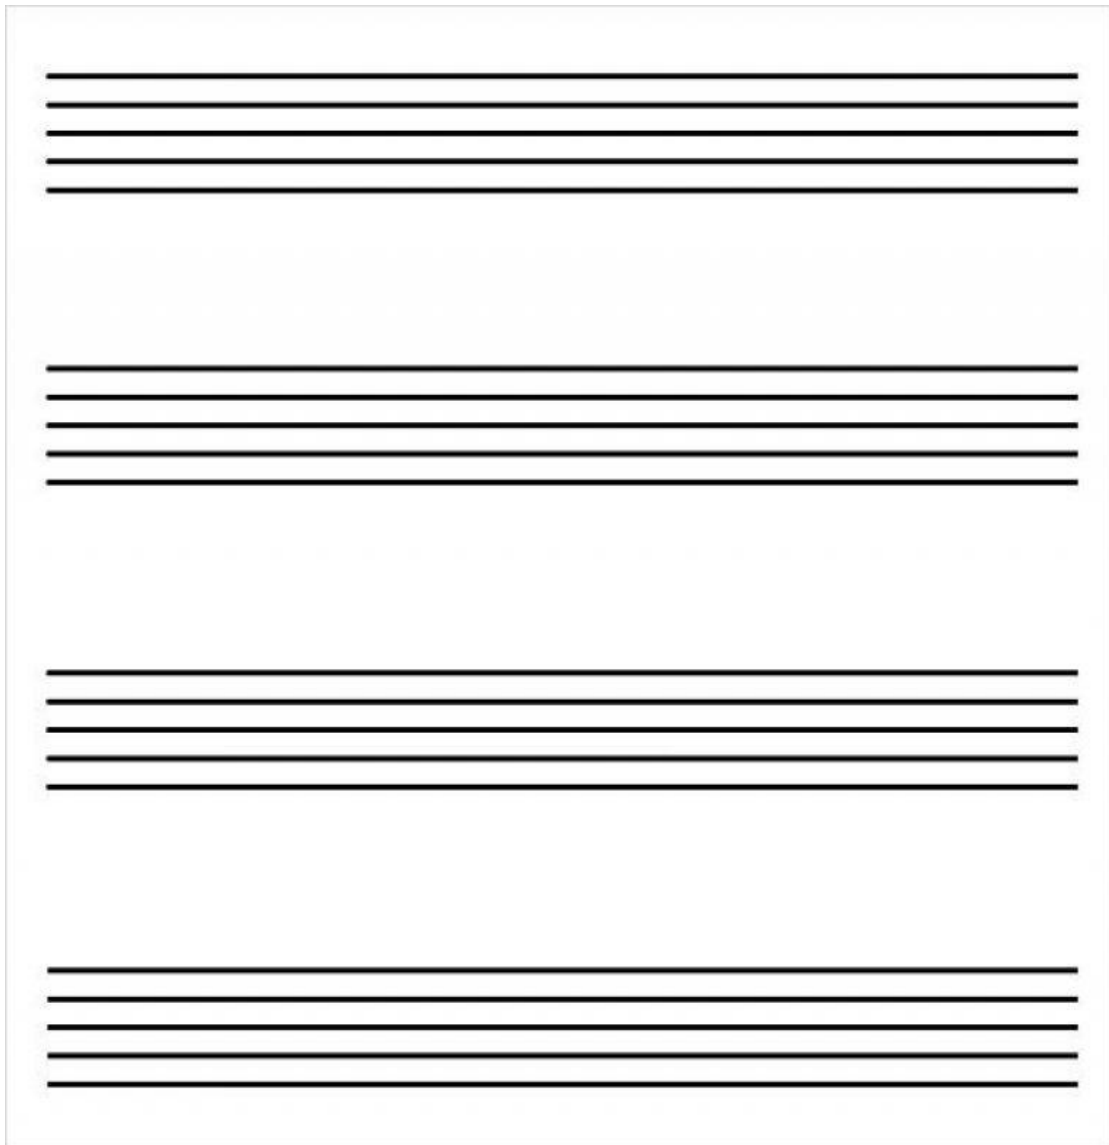

If you are having trouble developing your theme, you can PRINT this page and scan to email us back at [miainfo@miaim.com.au](mailto:miainfo@miaim.com.au) and we will give you're a few ideas. If we use your theme in an upcoming video we will promote your channel in the video and description.

All you need to do is begin with 4 or 5 random notes of any length, any pitch, any clef to create your theme. It is up to you. Then include a:

1. Key signature\*
2. Time Signature\*
3. Rhythm/ Style/ Genre\*

We can then show you how to develop:

4. Chord Progressions
5. Melodic and Harmonic Variations

\* If you are unsure about any of these elements, refer to Book 1 "An Introduction to Improvisation"
